

HUSKY

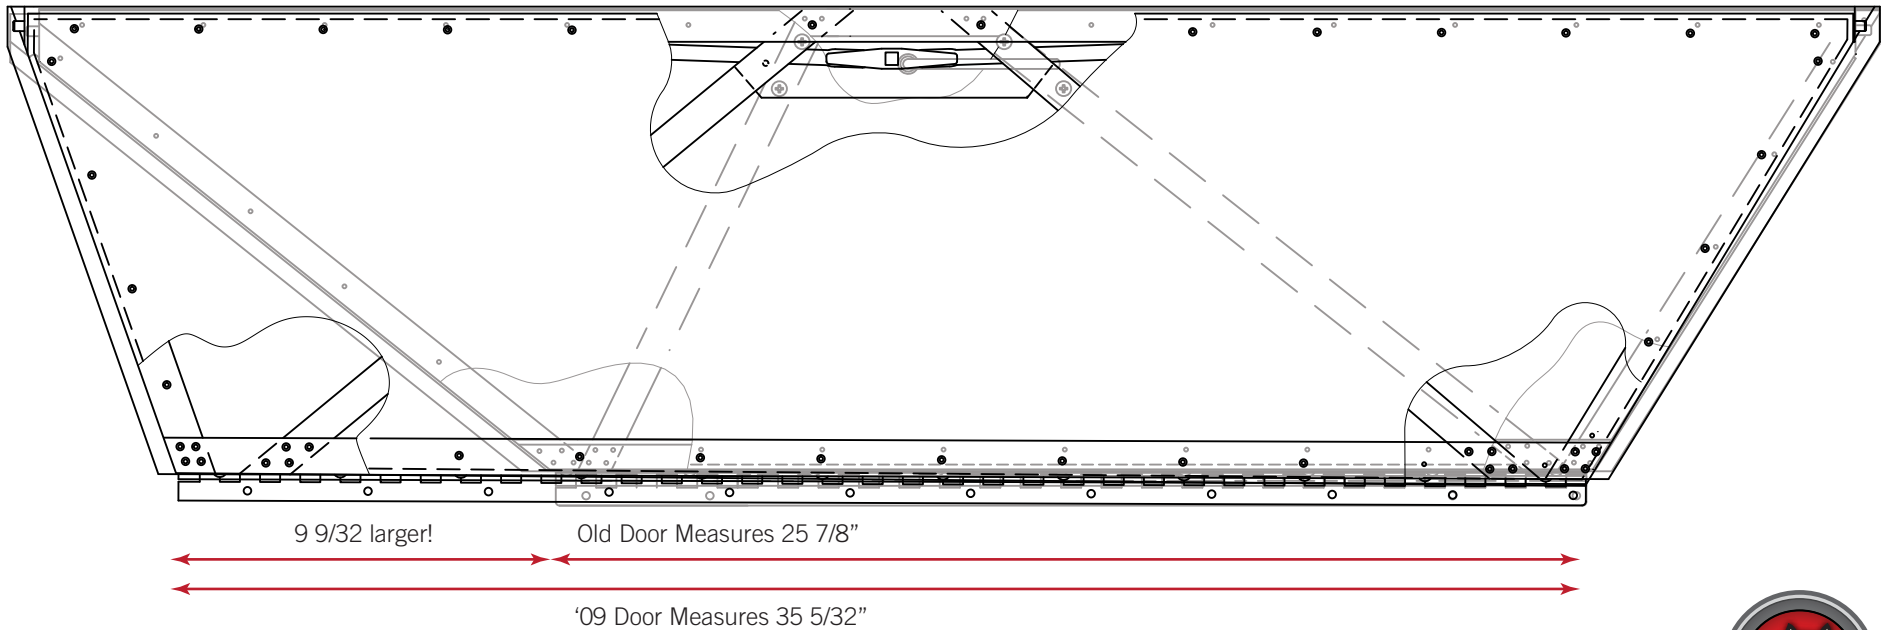

2009 Newly Designed Easy Entrance Door

At Aviat Aircraft, we pride ourselves in designing the best possible STOL airplane, and our customers are first and foremost in our minds. That's one reason we decided to redesign the door of the Husky with a larger keyed entry - for easier entry and exit from the plane.

When you own a Husky, you'll notice the superior quality and the pride of craftsmanship that is built into every part of the plane. And you'll feel it every time you take to the air.

Husky is America's finest bush plane, arrange for a free demo flight today.
